

[Class #205: “A Beginner’s Mastering the Art of Mobile PHOTOGRAPHY- TUTORIAL & OUTDOOR PHOTO SHOOT](#)

This new, “**A Beginner’s Mastering the Art of Mobile PHOTOGRAPHY**” – 2-day program will focus on helping you with the basics of smartphone photography. We will learn how to take a great photograph using popular, smartphone photo filtering and editing apps, along with learning your smartphone’s basic camera tools and photo editing features. This program will also focus on basic photo composition, post-processing of your photographs and artistic, compositional perspectives. A guided, outdoor, 1-hour photo shoot at Venice Beach and fishing pier is also included in the second day of the program.

Program/Photo Shoot Requirements:

-- **Participants should know how to use their iPhone and Android accounts and app stores, for potential smartphone app downloads. It is also strongly recommended that you have a fully charged smartphone, and the most recent operating system software versions for either your iPhone, Samsung Galaxy, Google Pixel, LG Stylo, etc.**

IPHONE/MOBILE PHOTOGRAPHY WORKSHOP

INSTRUCTOR- ARTIST BIO

Judi Rosall is the founder/creative director at WildCherry Studio in Venice, FL. She is also a 20+ years, professional Fine-Art/conceptual photographer, and has shown her work in numerous, solo fine-art gallery shows in Denver/Boulder, Colorado.

Judi shoots with a DSLR digital and iPhone cameras in both studio and outdoor environments. She works with a wide variety of subjects and multimedia formats. Her photography ranges from figurative to conceptual fine art photography; vintage and botanical photographic composites, and landscapes/seascapes/wildlife photography.

Judith has a B.S. degree in Journalism/Photo Journalism from the University of Colorado, Boulder and has studied with various, leading photographers in Los Angeles, CA; Denver, CO, and Santa Fe, NM.
