

Art and Your iPad – Supply List

Instructor: Susan Ploughe

Venice Art Center

January 28 and 30, 2019 (Monday and Wednesday)

9:30 am – 12:30 pm

This is a six-hour course, spread over two mornings

- **iPad** - model 2 or later; apps won't work on original iPad 1
- **Stylus** – no need to buy an expensive one; some of my favorites were free giveaways!
- **Charger** – Just in case: you don't want to run out of battery life in the middle of the workshop.

At least a week before the workshop, download these apps:

- **ArtRage - \$4.99** *We will spend most of our time on this app.*
- **ArtGrid by Jackson's – \$1.99** *For sizing and gridding photos.*
- **My Talking Pet - \$1.99** *This is just a bit of fun. It enables you to make anything on your screen "talk," complete with moving lips!*

Once you have downloaded the apps, open them to make sure they are working.

Occasionally, apps are taken off the market or I find new ones that are even better. If that happens, I will let you know ahead of time.

You will need to have a few photos stored on your iPad's Camera Roll. Look for a couple of landscapes, a few people/animals/other items to place in the landscapes, and one or two photos of your artwork. *We may not have internet connection, so don't assume that you will be able to access the Cloud.*

If you already have these apps, make sure that you have the latest versions.

If you need to update them (or aren't sure), go to the App Store. Click on Updates at the bottom of your screen. Look through the list of available updates, and if there is one for either of the apps, click Update. (Don't wait until the last minute to do this. There may not be internet access at the Art Center).

Update your iPad to the latest version

To do this, go to Settings/General/Software Update
(Again, don't wait until the last minute to do this).

Make sure your iPad is fully charged when you come to class.

Make sure YOU are fully charged when you come to class – get a good night's sleep! 😊

Class will begin promptly at 9:30 AM.
